## NEW! Over 60 new sound optimization presets

Use more than 60 brand new handy presets for fast, effective sound optimization for various situations. Effortlessly remove bothersome background noise such as traffic, street noise, weather or electronic interference. The applications are varied - don't compromise, solve the problem!

- Effectively get rid of rain and wind noise
- Remove computer fan noise, mobile phone and camera interference
- Reduce annoying airplane, train and traffic noises
  and much more

IMPROVED! Automatic Step-by-Step Cleaning wizards

Improved and expanded wizards make goal-oriented work even easier! Together, the fully automatic Cleaning Assistant as well as the improved step-by-step wizards ensure perfect sound cleaning. Don't waste your time with complicated editing stages - lean back and relax while the software does the work for you - you'll be impressed by the results!

NEW! Turbo Tape: Cassette recordings with high speed dubbing

With Turbo Tape you can quickly digitize old cassette recordings with high speed dubbing.

Your double-speed recordings will be imported into the program at the right speed and can then be optimized and freshened up with top quality audio editing tools. Save your favorite songs from the old days and bring them into the digital age.

Enjoy your music wherever you are!

NEW! Master Reverb Effect for the entire track

MAGIX Audio Cleaning Lab MX now offers you the option of applying reverb or echo effects on the entire track!

Add depth and spaciousness to your complete recording, or apply an echo/delay effect to any audio material and enter a new world of sound.

The result will amaze you - your material will sound more lively and fresh!
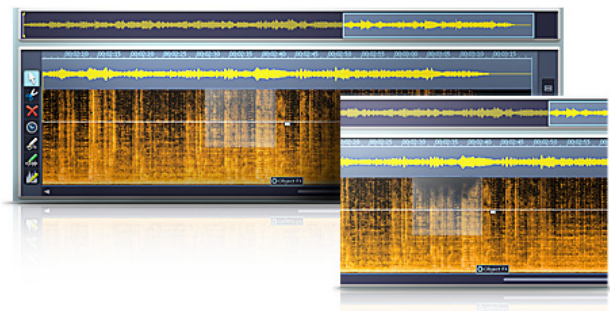

IMPROVED! Direct Spectral Cleaning

Audio editing can be this easy: simply select noise with your mouse and click to remove - it just doesn't get any easier!

The spectral view plainly displays the track's frequencies. This way you can immediately recognize specific noises such as clapping and coughing then seamlessly remove them from your recording.

With real stereo editing and an expanded color palette for improved visualization, working with Direct Spectral Cleaning is now easier than ever.

Additional advantages of audio editing

- **Vinyl support:** Suitable for 33, 45 and 78 RPM LPs
- **A total of over 300 presets** for audio recordings from tapes, reel-to-reel tapes, voice recordings and digital files
- **Track Marker wizard:** Helps to separate longer recordings into sections
- **CD Assistant:** Takes you to the optimal burning settings quickly and easily
- **Task assistant:** Major applications can be accessed directly via the menu and are explained with helpful videos
- **High quality tools for audio material optimization**, such as the 10-band equalizer, parametric EQ, brilliance enhancer, DeNoiser, click & removal, and much more.
- **Convert and edit all common audio formats** such as WAV, MP3, FLAC, OGG, WMA, etc.
- Easily access **track information for album recordings or individual titles** online via freeDB or mufin audioid

MAGIX Audio Cleaning Lab MX
